TENNIS LEICESTERSHIRE COMPETITIONS COMMITTEE

CAPTAINS GUIDE

Pre Match Day

Your match secretary will have arranged all your fixtures and passed them on to you possibly with contact numbers for captains or match secretaries for opponents. You don't need to reconfirm fixtures. If the weather forecast is poor you may want to make contact in good time to make arrangements to postpone if needed. It is the responsibility of the HOME team to call off a match for poor weather in good time to avoid unnecessary travel for all players, bearing in mind the distance to be travelled by the away team.

Poor weather is the only reason for a match to be postponed once a fixture is agreed. If a full team isn't available you should take two or even one pair to avoid conceding and collecting an 11 point penalty (10 points in winter, seniors and superseniors).

For away fixtures it is courteous to inform the opposition if any players are not staying for post match hospitality. It is expected that some form of meal is offered after midweek evening matches by the home team. This should be at least sandwiches and a drink but many clubs provide a hot meal. Weekend and midweek daytime fixtures tend to only have a drink and a biscuit or cake mainly.

Safeguarding

As part of your responsibilities you need to be mindful of the safeguarding of junior players (18 and under) and vulnerable adults, playing in your teams.

If transport to and from a match is arranged in an official capacity, ie through the club, the following rules apply:

- Parents are informed of the destination, reason for the journey and who the driver will be.
- Parents return to the venue a completed Consent and Emergency Contact Form and the driver should have a copy of this with them on the journey in case of emergencies, template attached at the end of this document: [Click HERE to go to the form](#) | [Click HERE for LTA information](#)
- There are two adults in the car, seated in the front of the car.
- Children are seated in the back of the vehicle at all times.
- If the children are a mixture of female and male, where possible, the two adults should also be male and female.
- There is an established procedure in the event of a breakdown/emergency.
- The driver has a valid UK driving licence, satisfactory DBS check, correct insurance, MOT certificate and complies with laws on the use of seatbelts.

If the arrangements are made privately between parents, then the club has no responsibility. Good practice would be for all team captains to be DBS checked as a volunteer, current cost is £8 [Click HERE to find out more](#)

Use of Social Media

If captains are using WhatsApp or other social media platforms to arrange matches, the parents of juniors involved must be invited to join the WhatsApp group. The captain, or the person who created the group, has overall responsibility for the content of the messages and anyone posting inappropriate comments must be removed from the group and their comments deleted.

If match reports with photographs are posted on the club's web page or on social media, permission must be given by the parent and only the first name of the junior should be used.

TENNIS LEICESTERSHIRE COMPETITIONS COMMITTEE

CAPTAINS GUIDE: MATCH DAY

Pre Match and Match Hosting

- Both teams should arrive in good time before the agreed start time.
Complete the scorecard with player names and BTM numbers (spellings of names should be checked for accuracy and the same as on the player database).
Before the start of the match the home captain should advise the visiting captain of any time the lights go out or any other restriction on the playing time of the match so appropriate adjustments can be made.
- The home captain should inform the away team of arrangements for hospitality after the match. It is expected that players from both teams should stay for the after match refreshments if at all possible. The away team captain should inform the home team if any players are not staying after the match, ideally the day before the match at the latest.
- It is the responsibility of the home team to ensure the courts are prepared for the match...
 - Swept if necessary
 - Nets correctly adjusted
 - Scoreboards prepared (where available)
 - New balls are available
- The home captain should allocate courts for the first round of matches and supply the match balls (away team stay on same courts throughout).
- The warm up should be between the pairs playing the first round and should be no more than 5 minutes. The match should start at the agreed time after the warm ups. **See rule 2.7 for what to do if there is a late start.**
- At the end of each round it is recommended that scores are entered on the scorecard with all players present to avoid mistakes.
- The second and third rounds should be played as soon as possible after the conclusion of the previous round and any further warm up kept to a minimum and not more than 5 minutes.
- If play is suspended after a match has started because of bad weather the two captains need to decide on whether play can resume and whether sets need to be shortened (last round only) or if play is to be abandoned. If two rounds have been completed (summer league) scores need to be recorded as the match will need to be played to a finish. This also applies if a match can't be completed because of a lack of light (natural or artificial). The home club has the final responsibility on deciding the safety of the playing surface but should bear in mind their potential liability as a club in the event of accident or injury to any participant.

The home club has responsibility for the behaviour of any spectators who should not interfere in the match at any time or comment on line calls or the score or any other matter that is the responsibility of the players on court. See '**Code of Conduct**'

Post Match

At the end of the match both captains should agree the scores are correct before signing the scorecard. It is advisable that both teams keep a copy of the scorecard in case of any dispute.

Host the post match meal • Complete the scorecard • Collect match fees from your players if required etc • Complete the online result entry within 7 days of the match (or you get locked out and point penalties accrue).

TENNIS LEICESTERSHIRE COMPETITIONS COMMITTEE

CAPTAINS GUIDE: CODE OF CONDUCT

Tennis Leicestershire wholly adopts the LTA Fair Play Policy which should be displayed by all clubs. Fair Play is an essential value in tennis. We are committed to ensuring that tennis is played in a fair, open and inclusive nature at all levels.

Just as relevant in a fun game with friends as it is in a Grand Slam or major tennis tournament, Fair Play includes...

- Good sportsmanship, honesty and respect whether you win or lose
- Learning to challenge yourself and improve social skill
- Taking responsibility for your actions, calling scores and lines clearly and fairly even if it costs you the point
- Learning and following the rules and being a role model to younger people
- Enjoyment of the sport

It is important for everyone to uphold Fair Play both on and off court whether it be players, parents, coaches, officials or volunteers.

In addition, Tennis Leicestershire expects clubs, and match captains, to ensure that all spectators (including players in the match) do not comment or in any other way become involved in events on a match court and are mindful of their safeguarding responsibilities to juniors who may be spectating or playing. This includes (but is not exhaustive)...

- Commenting on line calls made by players on court
- Attempting to correct calls
- Attempting to correct scores (unless asked by the players on court)
- Correcting the application of the rules of tennis (unless asked by the players on court)

Before any matter is escalated to the Competitions Committee for comment it would be expected that this matter has been previously attempted to be resolved amicably by the respective captains or club officials prior to referral and that this has been documented for review.

MANAGEMENT AND RULES FOR LEAGUES AND CUPS

THE MANAGEMENT OF ALL COMPETITIONS SHALL BE ENTRUSTED TO THE DIRECTOR OF TENNIS LEICESTERSHIRE LIMITED (TLL)

1: GENERAL REGULATIONS FOR ALL COUNTY COMPETITIONS

- 1.1 Entries: The competitions are open to all Clubs affiliated to TLL.
- 1.2 Entrance fees: The entry fees will be as stipulated by the Directors of TLL.
- 1.3 Player Qualification A player will be qualified to represent a Club affiliated to TLL if he or she has been a bona fide member of that Club for at least 14 days prior to a match. A player who is a member of more than one Club may play for a different Club in any competition e.g. the Men's or Ladies' Doubles League, the Mixed Doubles League and the Sports Mercury Cup, but not for more than one Club in any one competition.
- 1.4 Match Expenses: The cost of the balls and other incidental expenses will be borne by the home Club. It is not a requirement for the home Club to provide some refreshments at the end of a match. (See separate Captains Guide circulated to all clubs).
- 1.5 Balls: A minimum of three new balls per court, of a make authorised and/or approved by TLL, will be provided by the home Club.
- 1.6 Composition of Teams: A Club is not bound to play the same team throughout the competitions, but no team changes can be made in a match after the start of play. If a match is postponed, or replayed in its entirety, the composition of the competing teams may be changed.
- 1.7 Team Selection Policy: Clubs must not unnecessarily select players for a team who are not representative of the usual standard of that team. Where a Club feels that they have been disadvantaged by such behaviour then they should seek redress under Regulation
- 1.8 Rulings: All questions of eligibility of competitors and interpretations of these Regulations in relation to the Competitions should be referred to the appropriate Competition Organiser, who will where necessary consult the Competitions Committee, whose decision will be final.
- 1.9 Disputes: Any allegation of a breach of these Regulations should be referred, in writing, to the appropriate Competition Organiser within 21 days of the matter coming to the attention of the complainant. The Competition Organiser will investigate the complaint and take such action as is deemed necessary, including referring the matter to the Competitions Committee, whose decision will be final. If the matter affects Clubs that have members on the Competitions C Committee then they will not be eligible to sit on that Committee when the matter is being considered.

Continues

1.10 Penalties: Any Club, team or player (acting with or without the knowledge and/or authority of their Club or team) who breaks any Regulation will be subject to investigation by the Competitions Committee for consideration and possible referral to the Complaints Committee. The following penalties will be available to the Competitions Committee or the Complaints Committee:

In the case of a Club:

- i) Expulsion from all or any competitions for a season or number of seasons; and/or
- ii) A fine not exceeding £500.

In the case of a team

- i) Expulsion from all or any competitions for a season or number of seasons; and/or
- ii) Relegation from a Group; and/or
- iii) Deduction of League Points; and/or
- iv) A fine not exceeding £250.

In the case of a player:

- i) A ban from all or any competitions for a season or number of seasons; and/or
- ii) A ban from all or any competitions for a match or number of matches; and/or
- iii) A fine not exceeding £100.

Furthermore, a player may also be barred from representing this County, or serving on any of its Committees, for such period as may be determined by the Complaints Committee.

1.11 Resignations: A Club may withdraw any team from a competition at any stage, subject to the Competition Committee's approval. However, if at a later stage they wish to be re-instated, they may be treated as a new team in accordance with the Regulations concerning that competition. That Club's remaining teams will be re-numbered accordingly at the start of the next season.

1.12 Use of Social Media: Players must not use social media to make comments about other players, teams or clubs that may bring Tennis Leicestershire, or the sport of tennis itself, into disrepute.

Rules reviewed 03/2022

2: MENS AND LADIES SUMMER DOUBLES LEAGUES

2.1 Structure

These Leagues will be divided into Groups of ten teams, except for the Men's Premier Group, which will consist of six teams. Where the number of teams entered does not allow for this, the lowest Groups may consist of fewer than ten teams. There will be a Premier Group (Men's League only), and below that a Group 1, and below that a Group 2, and thereafter two equal Groups ('A' and 'B') for each level below Group 2. Where the number of teams entered does not allow for this, there may only be one Group at the lowest level. The Competitions Committee will at all times have the power to re-group a team or teams if such re-grouping may seem to be desirable, with or without consent from the team or teams. Where a vacancy occurs in a Group due to the resignation of a team, the Competitions Committee may replace it with another team from a lower Group or a new team entering for the first time. Any vacancy then created in a lower Group may be replaced on the same basis. Other than this, a team entering for the first time in a future year will be placed in the lowest Group.

2.2 Teams

A team will consist of six players. A Club may enter more than one team in these Leagues and they will be numbered in order of ability with one being the most able. A player who has played three times in the same season for a team or teams will be disqualified from playing for a lower ranked (i.e. higher numbered) team. It therefore follows that a player may play for any higher ranked (i.e. lower numbered) team or teams on two occasions and still play for their current team. Furthermore, every Club's first team, as well as every team in Group 2 or above, must name four regular players of that team who will not be allowed to play for a lower ranked (i.e. higher numbered) team. Clubs with only one team in a League need not comply. These names must be submitted to the League Administrator by 20th April. The opposition will be awarded all sets by a score of 8-0 against any player in breach of this Regulation.

2.3 Team Format

The team will be organised into three pairs, placed by the captain of the team (who may be playing or non-playing) in order of ability and they will be called the first, second and third pairs, with the first pair being the strongest.

2.4 Playing Format

A Round will consist of one Proset (first to 8 games, tie break at 7-7), except, where only two Courts are available for play, one regular set (tie break at 6-6) will be played. Additionally, when there is a possibility of bad light stopping play in Round 3, and both team captains agree, one regular set may be played. Where possible, the visiting team will remain on the same court throughout the match.

Round 1			Round 2			Round 3		
Home		Away	Home		Away	Home		Away
3	v	1	2	v	1	1	v	1
1	v	2	3	v	2	2	v	2
2	v	3	1	v	3	3	v	3

Continues

2.5 League Points Awarded

One point will be awarded for each set won and a further two points for winning the majority of sets. Where a team concedes a match they will be penalised eleven points and the opposition will be awarded eleven points.

2.6 Venue

Where a Group contains fewer than seven teams, each team will play each other home and away. In all other Groups, each team will play each other only once, either home or away, as decided by the League Secretary or Administrator, who will organise this so that each team has roughly as many home matches as away matches. It is likely that a fixture played at home one year will be played away the next if both teams stay in the same Group.

2.7 Fixtures

Matches must be played on the dates arranged by the Match Secretaries in accordance with the Order of Play stated with the list of teams in each Group. Matches will be played on weekdays (excluding Bank Holidays) starting at 6.15p.m., unless otherwise agreed by both Match Secretaries. The warm up must be concluded before this start time. Failure to fulfil a fixture may result in a claim by the opposition (Regulation 2.9 applies). Any Club having more than one team competing in the same Group will play their match or matches prior to or during the first week of fixtures. Play will commence at the agreed time but, in the event of any player being unable to play within 20 minutes of the agreed starting time of a fixture, unless otherwise agreed by both team captains, their first set will be deferred until all other sets are completed. If there is sufficient time, the outstanding set should be completed, otherwise it will be conceded by the offending player(s).

2.8 Postponement or Interruption of Play

If a match is postponed, or is interrupted by adverse weather conditions or bad light prior to six sets being completed, then the match will be replayed in its entirety at a later date with the same, or different, team composition (Regulation 1.6 refers). If six or more sets have been completed when the adverse weather or bad light interruption occurs, then the same players must complete the match at a later date. Reasons for a player being unable to complete a match must be reported to the League Secretary or Administrator, who shall decide whether a substitute may be allowed.

If a match is postponed or interrupted for any reason other than adverse weather conditions or bad light, then the circumstances must be reported immediately to the League Secretary or Administrator, who will decide whether or not the match can be replayed or completed. If it is decided that the circumstances are unacceptable then either or both teams may be required to concede. It is therefore recommended, before postponing a match, to contact the League Secretary or Administrator for a ruling.

2.9 Conceding

Any team conceding or giving cause for a claim of more than one match will have all their results declared void. It is therefore recommended that a team sends at least one pair to compete in a match rather than concede all sets. The opposition should be informed at the earliest opportunity if a full team is not being sent.

Continues

2.10 Re-arranged Matches

Where a match is re-arranged due to postponement or interruption, then the date chosen will be by the mutual agreement of the teams' Match Captains or Match Secretaries. Where such agreement cannot be reached, the matter should be referred to the League Secretary or Administrator, who will have the power to either:

- i) Decide the date of the match;
- ii) Treat the match as cancelled, or
- iii) Treat the match, or remainder of the match, as conceded by either or both teams (Regulation 2.9 applies).

2.11 Final Date

All matches are to be completed by 31st August. Any matches not completed by that date will be treated as cancelled or conceded depending upon the reasonableness of the explanations given for non-completion (Regulation 2.9 applies).

2.12 Information to be Entered Online

At the start of the match season, the clubs/ team captains must ensure that full details of all known players have been entered. Each player's first and last name and BTM number must be fully and correctly shown. Failure to give correct details of a team as above may incur penalties (Regulation 1.10 applies).

2.13 Notification of Results (including Conceded Matches)

The captain of the winning team must enter the full match result (including each individual set) within seven days of the match being completed. If a match is interrupted after the completion of six or more sets then the captain of the home team must enter the completed set scores within seven days of those sets being played. The aforementioned teams will forfeit one league point for exceeding this time limit and a further league point for each additional seven days delay, subject to a maximum of the total number of points awarded to the team for that match. The captain of the losing team should verify the match result within fourteen days of the match being played. Any disputes or errors must be immediately referred to the League Administrator. Failure to do so may incur penalties (Regulation 1.10 applies). If a match is conceded, the winning team must enter the result using the appropriate match result box. Team members should not be shown. Each captain should retain a completed match card, signed by both captains, for their records.

2.14 Group Positions

Teams will be positioned in their Groups by the number of League Points obtained. If any teams are equal on points, then the number of wins will decide. If still equal, then the result of the match between the teams will decide. If still equal, then the ratio of games won against total games played will decide.

Continues

- The Group winner and runner-up will be promoted to the Premier Group.

It therefore follows that a player may play for any higher ranked (i.e. lower numbered) team or teams on one occasion and still play for their current team. The opposition will be awarded all sets by a score of 8-0 against any player in breach of this Regulation.

4.8 Postponement or Interruption of Play

If a match is postponed, or is interrupted by adverse weather conditions or bad light prior to six rubbers being completed, then the match will be replayed in its entirety at a later date with the same, or different, team composition (Regulation 1.6 refers). If six or more rubbers have been completed when the adverse weather or bad light interruption occurs, then the same players will complete the match at a later date. Reasons for a player being unable to complete a match must be reported to the Competition Secretary, who will decide whether a substitute may be allowed.

If a match is postponed or interrupted for any reason other than adverse weather conditions or bad light, the circumstances must be reported immediately to the Competition Secretary, who will decide whether or not the match can be replayed or completed. If it is decided that the circumstances are unacceptable then either or both teams may be scratched.

4.9 Conceding

A team may concede a match at any stage. Any team conceding in two consecutive years shall be suspended from entering a team for the following year.

4.10 Re-arranged Matches

Where a match is re-arranged due to postponement or interruption then the date of that match will be as stated in the draw, starting at 2 pm unless another time is agreed by both Match Secretaries. If the match still cannot be completed, then the team that has won the most rubbers at this stage will be declared the winner. If the number of rubbers won is equal, then the majority of sets won will decide. If the number of sets won is equal, then the number of games won will decide. If still equal, then lots shall be drawn to decide the winner.

4.11 Final Date

All matches are to be completed before the date of the next round.

4.12 Match Cards

Each player's first and last name must be clearly stated on the Match Card. All details to be checked by both Captains before signing the Match Card.

4.13 Notification of Results (including Conceded Matches)

The captain of the winning team must notify the Competition Secretary of the result, by e-mail, within two days of the match being played. The captain of the winning team must also enter the full match result (including each individual set) within two days of the match being completed. If a match is conceded, the winning team must enter the result using the appropriate match result box. Team members should not be shown. Failure to do so may result in the team being scratched from the competition.

5: MENS AND LADIES WINTER DOUBLES LEAGUE

5.1 Structure

These leagues will be divided into Groups of eight teams. Where the number of teams entered does not exactly allow for this, the lowest Groups may consist of between four and seven teams. There will be a Group 1, and below that a Group 2, and thereafter two equal Groups ('A' and 'B') for each level below Group 2. Where the number of teams entered does not allow for this, there may only be one Group at the lowest level. The Competitions Committee will at all times have the power to re-group a team or teams if such re-grouping may seem to be desirable, with or without consent from the team or teams. Where a vacancy occurs in a Group due to the resignation of a team, the Competitions Committee may replace it with another team from a lower Group or a new team entering for the first time. Any vacancy then created in a lower Group may be replaced on the same basis. Other than this, a team entering for the first time in a future year will be placed in the lowest Group.

5.2 Teams

A team will consist of four players. A Club may enter more than one team in these Leagues and they will be numbered in order of ability with one being the most able. A player who has played three times in the same season for a team or teams will be disqualified from playing for a lower ranked (i.e. higher numbered) team. It therefore follows that a player may play for any higher ranked (i.e. lower numbered) team or teams on two occasions and still play for their current team. The opposition will be awarded all sets by a score of 6-0 against any player in breach of this Regulation.

5.3 Team Format

The team will be organised into two pairs, placed by the captain of the team (who may be playing or non-playing) in order of ability and they will be called the first and second pairs, with the first pair being the strongest.

5.4 Playing Format

A Round will consist of two regular sets (tie-break at 6-6). Where possible, the visiting team should remain on the same court throughout the match.

Round 1			Round 2			Round 3		
Home		Away	Home		Away	Home		Away
3	v	1	2	v	1	1	v	1
1	v	2	3	v	2	2	v	2
2	v	3	1	v	3	3	v	3

5.5 League Points Awarded

One point will be awarded for each set won and a further two points for winning the majority of sets. In the event of a draw, one further point will be awarded to each team. Where a team concedes a match they will be penalised ten points and the opposition will be awarded ten points.

5.6 Venue

As per Regulation 2.6

5.7 Fixtures

Matches must be played on the dates arranged by the Match Secretaries in accordance with the Order of Play stated with the list of teams in each Group. Matches will be played at weekends unless otherwise agreed by both Match Secretaries. The warm up must be concluded before this start time. *Continues*

5.7 Fixtures continued

Failure to fulfil a fixture may result in a claim by the opposition (Regulation 2.9 applies). Any Club having more than one team competing in the same Group will play their matches prior to or during the first week of fixtures. Play will commence at the agreed time but, in the event of any player being unable to play within 20 minutes of the agreed starting time of a fixture, unless otherwise agreed by both team captains, their first set will be deferred until all other sets are completed. If there is sufficient time, the outstanding set should be completed, otherwise it will be conceded by the offending player(s).

5.8 Postponement or Interruption of Play

If a match is postponed, or is interrupted by adverse weather conditions or bad light prior to four sets being completed, then the match will be replayed in its entirety at a later date with the same, or different, team composition (Regulation 1.6 refers). If four or more sets have been completed when the adverse weather or bad light interruption occurs, then the same players must complete the match at a later date. Reasons for a player being unable to complete a match must be reported to the League Secretary or Administrator, who shall decide whether a substitute may be allowed.

If a match is postponed or interrupted for any reason other than adverse weather conditions or bad light, then the circumstances must be reported immediately to the League Secretary or Administrator, who will decide whether or not the match can be replayed or completed. If it is decided that the circumstances are unacceptable then either or both teams may be required to concede. It is therefore recommended, before postponing a match, to contact the League Secretary or Administrator for a ruling.

5.9 Conceding

As per Regulation 2.9

5.10 Re-arranged Matches

As per Regulation 2.10

5.11 Final Date

All matches are to be completed by 31st January. Any matches not completed by that date will be treated as cancelled or conceded, depending upon the reasonableness of the explanations given for non-completion (Regulation 2.9 applies).

5.12 Information to be Entered Online

As per Regulation 2.12

5.13 Notification of Results (including Conceded Matches)

The captain of the winning team, or the home team in the event of a draw, must enter the full match result (including each individual set) within seven days of the match being completed. If a match is interrupted after the completion of six or more sets then the captain of the home team must enter the completed set scores within seven days of those sets being played. The aforementioned teams will forfeit one league point for exceeding this time limit and a further league point for each additional seven days delay, subject to a maximum of the total number of points awarded to the team for that match. The captain of the losing team, or the away team in the event of a draw, should verify the match result within fourteen days of the match being played. Any disputes or errors must be immediately referred to the League Administrator. Failure to do so may incur penalties (Regulation 1.10 applies). If a match is conceded, the winning team must enter the result using the appropriate match result box. Team members should not be shown. Each captain should retain a completed match card, signed by both captains, for their records.

5.14 Group Positions

Teams will be positioned in their Groups by the number of League Points obtained. If any teams are equal on points, then the number of wins will decide. If still equal, then the ratio of games won against total games played will decide.
